Round Table Discussion Series and Panel Discussion under the G-20 Presidency

The National Law University Delhi, in the light of India's G-20 Presidency, is organising a Round Table Discussion Series which will be organised across the year. The themes of the discussion series are influenced and inspired not only from the theme of India's G 20 presidency, that is, "Vasudhaiva Kutumbakam" or "One Earth · One Family · One Future", but also from the United Nations Sustainable Development Goals.

The key objectives of the discussion series are:

- To discuss, deliberate upon India's preparedness to address the challenges highlighted under the G-20 and to review resilience against foreign nations' efforts,
- To identify areas for cooperation between India, Quad partners and other emerging economies, to bring together representatives from the Government, Civil Society, researchers and legal experts working on the intersection of the themes given below;
- To discuss perspectives and stand on the themes of the G-20;
- To identify potential next steps in supporting the government's efforts in the areas of promoting cybersecurity resilience, promoting technological transformation, advancing green development, encouraging women-led development, strengthening IP framework and addressing other relevant issues at multilateral forums. By the end of the round table conferences, we hope to identify the potential next steps in supporting India's efforts to achieve its objectives under the G-20 Presidency.

Event Coordinators:

Dr. Aparajita Bhatt – Assistant Professor of Law
Dr. Kheinkor Lamarr – Assistant Professor of Law
